

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

GOLDEN NUGGETS FOR SALLOW PEOPLE

Indebted to the Old North State.

Richmond is indebted to the Old North State for many of its most distinguished men—lawyers, physicians and ministers—and only the other day one of the greatest of the religious orders of the world with its headquarters in North Carolina, determined to plant a great educational institution here. Then look at the North Carolinians who have gone into business in this town: Morgan, who is at the head of the Virginia-Carolina concern, one of the biggest industrial enterprises in the country, and Borden, his assistant, who has just asked us to join his church, and Miller, the vice-president and cashier of the First National Bank, and Jackson, the head of the Virginia Trust Company, and a host of other North Carolinians who have settled right down "in our midst," who think that this is the finest place in the world, and who expect to own the most of it before they get through. Then there is that other distinguished Tar Heel—primus inter pares—the chief figure in the educational life of this State, one Edwin A. Alderman, of the University of Virginia, and the Rev. Dr. Moore, the president of the Union Theological Seminary, so that between Morgan and the rest of the industrial and money kings and the educational hierarchy at Charlottesville is that touch of orthodoxy which gives North Carolina in Virginia a most delightful flavor.—Richmond Times-Dispatch.

If your appetite is poor, your whole body must be insufficiently nourished—weakness and disease must result. There's nothing like Hollister's Rocky Mountain Tea to create a healthy appetite. Tea or Tablets, 35c. E. T. Whitehead Company.

NATURE TELLS YOU.

As Many a Scotland Neck Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Scotland Neck people testify to this.

Miss Lucy Hancock, Church St., Scotland Neck, N. C., says: "Doan's Kidney Pills have proven of the greatest value to me and consequently I have no hesitation in recommending them. My kidneys were badly disordered and I was bothered by a frequent desire to pass the kidney secretions. Dull, nagging backaches also added to my suffering and at times I was so lame that I could hardly get about. Hearing Doan's Kidney Pills highly recommended, I concluded to give them a trial and at once procured a box. They relieved the pains in my back, corrected the annoyance from the kidney secretions and acted as a tonic to my system."

Encouraging Crime.

When a state law of great moment is violated; one upon which the will of the people has been expressed in overwhelming numbers by the ballot, is set at defiance, and the officers of the law at the risk of life get sufficient evidence before a jury to convict and the only inconvenience the criminal suffers is the payment of a nominal fine, what else but a continuance of law breaking can be expected? When a man sets up a whiskey distillery to breed crime and debauch the community as nothing else can in defiance of the law, and vigilant officials hale him into court, convict him and he is ordered discharged upon the payment of a \$20 fine, what else is this but an encouragement to this class to continue in business? What is a \$20 fine to one engaged in this immensely profitable business? More than this amount may be made in one day. In the case above referred to the defendant operated the still in his own home and the officials found the complete outfit, including liquor, beer and malt, and at considerable trouble finally captured the law-breaker who was ordered discharged upon the payment of costs and a twenty dollar fine. According to this judgement it is a much worse crime to carry a deadly weapon for protection than to make blockade liquor. When such judgements as this are rendered and men every day are openly and flagrantly violating the law under the eyes of the court, known to have in its possession evidence of this fact and yet nothing is done, is it not about time somebody should at least enter a protest.—Snow Hill Laconic.
